### Short-Term Loans Lead to Long-Term Debt

Payday and auto title businesses in Texas offer two main loan types: single payment loans, due in full in 2 weeks or 1 month, and installment loans, due in a series of payments over a period of up to 6 months. Longer loan terms mean installment loans have fewer refinances, but even higher fees. The 2012 data does not report quarterly data on installment loan products at the local level, making it difficult to capture rate and refinance information for those products.

- **In the San Antonio MSA, refinances make up 66% of single payment loan transactions.** Every quarter, 62% of payday loan borrowers and 49% of auto title borrowers refinance their loans.
- **For borrowers who refinance, a two-week payday loan lasts nearly 3 months on average, and a 30-day auto title loan lasts nearly 7 months.** With no limits on refinances, these loans can extend indefinitely with mounting fees and no built-in principal repayment.
- **Average APRs for payday and auto title loans in the San Antonio MSA range from 257% to 488%** (see table on back).
